

## PEREGRINE SCHOOL

### **Role of Peregrine's Parent Advisors**

Parent advisors play an important role in providing input and additional perspective to the Peregrine Board. Advisors are non-voting; they do not vote on Board issues that require a vote. Advisors are invited and encouraged to take part in all other board activities, except special closed sessions of the Board. Volunteering as a parent advisor allows interested parents to become familiar with board members, board culture, and topics typically addressed by the board. Service as a parent advisor is a common first step for anyone who later becomes a board member.
